

## Metaphors of learning

| <b>Learning is</b> | <b>The learner is a</b> | <b>The teacher is a</b> | <b>Typical instructional methods</b> |
|--------------------|-------------------------|-------------------------|--------------------------------------|
|                    |                         |                         |                                      |
